### ASK DR. SIMONE

#### HOW DOES YOUR STAFF CONTRIBUTE TO PATIENT SATISFACTION?

My staff has been with me for many years, and patients appreciate the familiar, friendly faces.

#### WHAT ATTRACTED YOU TO COSMETIC DENTISTRY?

I enjoy the challenge of creating a beautiful, healthy mouth, balancing the necessary elements of functional components, all the while producing a result that mimics the beauty of natural esthetics. At the same time, the artistic photographer side of me loves the esthetic component of cosmetic dentistry. This profession is a great marriage of my interests.

#### WHAT STEPS DO YOU TAKE TO REMAIN ON THE LEADING-EDGE?

Teaching at the Center for Esthetic Dentistry at UCLA School of Dentistry and rigorous study of dental journals, along with countless hours of continuing education, keep me in-the-know on many up-and-coming technologies and techniques on the horizon.

### Confidence boost

"Changing someone's smile can truly change their life, and nothing brings me more happiness than having the privilege of being a part of that transformation," says Dr. Simone. His practice focuses on the cosmetic beauty of a smile via veneers and whitening, in addition to functionality and health. Bridges and dental implants work to replace missing teeth for an improved bite and smile, while composite restorations replace more obvious silver fillings, yielding a natural-looking smile. Crowns not only beautify the smile, but they can support teeth that have suffered from severe decay, helping ensure a proper bite, as well. For an esthetically pleasing smile, porcelain veneers or teeth-whitening can produce a younger-looking, bright smile. "I use a one-hour, in-office treatment that allows me to dramatically whiten your teeth," says Dr. Simone.

### RESTORATION HARDWARE

To close the spaces, reshape the size of this 40-year-old's teeth and improve the color of her previously yellow stains, Dr. Simone placed 10 veneers on her upper teeth. "We were able to hide any smile inconsistencies and give her the pretty, natural-looking smile she longed for."

## "quality is never an accident"

INTEGRITY AND COMPASSIONATE PATIENT CARE, ALONG WITH 25 YEARS OF EXPERIENCE, HAVE HELPED DR. PATRICK SIMONE BUILD A WELL-RESPECTED PRACTICE. "I TRY TO ALWAYS LIVE BY THE TENET 'TREAT OTHERS AS YOU WOULD WANT TO BE TREATED,' SO A HIGH LEVEL OF CUSTOMER SERVICE AND ATTENTIVENESS TO PATIENTS' EVERY CONCERN ARE ADDRESSED IN A TIMELY, ORGANIZED AND COMPASSIONATE FASHION." STRESSING CONTINUITY, RELIABILITY AND DEPENDABILITY, DR. SIMONE HAS ACQUIRED A VERY LOYAL STAFF, AND, SUBSEQUENTLY, A FAITHFUL PATIENT BASE, AS WELL.
